📍 Dera Ismail Khan, KPK, Pakistan

SUMMARY

A determined fresher full stack developer with over 2 year of hands-on experience efficiently developing websites and applications. I have strong foundations in both frontend and backend technologies, including JS, React, Next JS, Express, NodeJS, MongoDB and MySQL with strong focus on creating seamless user experiences. With my experience, I'm committed to deliver quality code and constantly learning to keep up with the latest trends in the tech world.

Netlify Vercel	

PROJECTS

Portfolio

📅 07/2024 - 08/2024

📍 Dera Ismail Khan, Pakistan

This portfolio project showcases my web development skills, built using modern web technologies. It includes a ReactJS based frontend that displays portfolio content and a NodeJS based backend that manages server-side operations.

Ecommerce Website

📅 09/2024 - 10/2024

📍 Dera Ismail Khan, Pakistan

This e-commerce website is built using Next.js, integrating MySQL for product details and contact forms, Cloudinary for image storage, and Stripe for payment processing. It features user authentication, an admin panel for product management, and a responsive design, with key functionalities including user sign-up and login, and secure payment handling.
